houses for Farmers.

Believes They Would Tend to Centralization.

Attributes All Depression to Protection and Cries Aloud for His Pet Hobby, Free Trade.

Washington, May 31.—Senator Carlisle has written a letter to B. F. Howard, of Tuskegee, Ala., in response to a request for his views upon the bill providing for a system of government warehouses for farm products upon which products treasury notes can be issued. The Senator says: "In the begining, the statement of Mr. Howard and his associates, that they are in favor of equal justice to all and special favors to none embodies sound Democratic doctrine, and if it had been strictly adhered to others justly complain would have been avoided and the whole country would

now be prosperous and contented. "The farmers have been taxed so long for the benefit of other classes and seen the close: Shafer, 3004; McClerey, 15. so much legislation for the aggrandizement of corporations and syndicates that their patience is exhausted and they are now demanding that the very policy which they have heretofore denounced as unjust aud ruinous shall be applied to them, or, rather, to a part of them, for no scheme yet suggested would operate alike upon all farmers. But no evil can be corrected by increasing its magnitude and extending the scope of its operations. There is but one effectual remedy for the evil which undoubtedly

exists, and that is to reverse the policy which produced it." The Senator, after reviewing the features of the proposed sub-treasury plan and noting the fact that the farmers themselves will pay more than their fair share of the cost of erecting ware-houses, and that the officers connected

with them will be partisans of the on Union Island last night letting water into the middle division of 8,000 acres of grain. A large force of men had been working on the cross levee but the break working on the cross levee but the break annually more than \$500,000 worth the Oregon Development company.
